Category Manager | E-commerce & Retail | Category Strategy, Assortment & Selection | Pricing & Promotions | Demand & Inventory Planning | Vendor / Seller Management | Data Analytics

PROFESSIONAL SUMMARY

Category management professional with 5+ years growing e-commerce and retail categories at Flipkart and Enverus (B2B SaaS), pairing category strategy with deep analytics. I own category performance against **sales and margin** targets - planning assortment, pricing and promotions, tracking performance and driving corrections, and analyzing market trends and competitor activity to find growth. I develop and execute category strategies, partner with sellers / vendors, and coordinate cross-functionally with marketing, sales and supply-chain teams. Data-driven planning drove a 55% category revenue uplift during Big Billion Days.

EXPERIENCE

Flipkart - Category Manager - Large Appliances (eCommerce Marketplace) | Jun 2024 - Sep 2026

Owned the growth and commercial performance of a large e-commerce category end-to-end - driving sales, margin and conversion through assortment, pricing, promotions and demand planning, in partnership with sellers / vendors and marketing, sales and supply-chain teams.

- Owned category **sales and margin levers**; through cohort and SKU trend analysis (YoY & MoM), drove **product-exchange bump-ups** on high-value SKUs that grew category **revenue 19% YoY**.
- Set **category and assortment strategy** and partnered with **sellers / vendors** on selection and terms (market research + selection analysis); introduced the **Windows segment**, expanding coverage and lifting **Flipkart market-penetration share ~1%**.
- Led **consumer understanding** - cohort analysis, funnel metrics and user personas - and launched **targeted loyalty-coupon campaigns** that improved **conversion 20%** and strengthened repeat purchase.
- Planned **promotions and offer spend**; analyzed payment and regional consumer behavior to roll out **South-specific bank coupons**, improving offer adoption and conversion across the region.
- Built automated **Tableau / Power BI dashboards** (SQL, Google Apps Script) with standardized KPIs, giving leadership real-time visibility into **category sales, margin and health**.
- Built **demand and sales forecasting** models to guide buying, pricing and promotion planning; data-driven planning drove a **55% category revenue uplift during Big Billion Days**.

Enverus - Business Analyst I - Market Research (B2B SaaS) | Jan 2023 - May 2024

- Built and maintained **Tableau / Power BI dashboards** giving commercial leaders real-time visibility into performance trends and KPIs, supporting **ARR that scaled into the \$500MM range**.
- Re-engineered reporting through **Lean Six Sigma**, driving a **20% reduction in cycle times** and standardizing KPIs across global teams.

Associate - Commercial Intelligence | May 2021 - Dec 2022

- Published quantitative **market and consumer research** across 3 cycles and built unit-economics and pricing models; produced competitive and price intelligence to guide leadership strategy.

PROJECTS & CERTIFICATIONS

AI Personal Stylist - Conversational Fashion Recommender (Streamlit, Python, Generative AI) | [Live Demo](#) | 2026 (Work in Progress)

- Designed and built a chatbot that turns **4 quick questions** (gender/age, style, vibe, colour) into a personalized **style persona** with **3 complete, colour-matched looks** - outfit plus accessories - each linked to **Google Shopping**, with 2026 trend inputs from current fashion sources.
- Applied product thinking end-to-end (problem framing, user flow, recommendation logic): personas that **change the recommendation, not just the label**; **4 questions vs 20 filters** to cut friction; and **"complete the look"** as a **basket-size / AOV lever**.

Certifications

- Customer Value, Acquisition, and Retention** - University of Maryland, College Park • **Agile Project Management** - Google
- Mastering Advanced SQL Queries** - Coursera • **From Excel to Power BI** - Knowledge Accelerators
