## Professional Summary

Business Analyst with 5+ years driving category growth and analytics in high-scale e-commerce (Flipkart) and B2B SaaS (Enverus). I identify growth opportunities and drive category-creation and growth initiatives across cohorts, channels, and assortment; run customer cohort, conversion, and funnel analyses to unblock shopper bottlenecks; and build target-vs-actual visibility across region, channel, and cohort to steer course correction. I drive promotion and retention levers (including an in-app loyalty coupons feature) and partner with product, data science, and performance-marketing teams to ship growth. Proficient in SQL, Tableau, Power BI, and Advanced Excel; my data-driven planning drove a 55% category revenue uplift during Big Billion Days. VIT engineering graduate — currently serving notice and available at short notice.

## Professional Experience

### Flipkart

Jun 2024 – Present

#### Business Analyst — Large Appliances (eCommerce Marketplace)

- Drive category growth initiatives — identify growth opportunities across customer cohorts, channels, and assortment — and drive them with cross-functional teams (product, marketing, supply chain).
- Run customer cohort, conversion, and funnel analyses to pinpoint shopper and conversion bottlenecks and recommend actions to accelerate growth.
- Create target-vs-actual visibility via Tableau / Power BI dashboards and scorecards across region, channel, and cohort; identify course-correction areas and standardize KPIs (SQL, Google Apps Script).
- Drive promotion / deal analysis and loyalty features (in-app coupons in payments) to influence retention; data-driven planning drove a 55% category revenue uplift during Big Billion Days.

### Enverus

Jan 2023 – May 2024

#### Business Analyst I — Market Research (B2B SaaS)

- Built Tableau / Power BI dashboards giving commercial leaders target-vs-actual visibility into sales trends and KPIs, supporting ARR that scaled into the \$500MM range.
- Re-engineered reporting with Lean Six Sigma (20% faster), standardizing KPIs across global teams.

### Enverus

May 2021 – Dec 2022

#### Associate — Commercial Intelligence

- Published quantitative research across 3 cycles and built cohort, financial, and unit-economics models to support growth and leadership decisions.

### Technology Risk Partners

Feb 2021 – May 2021

#### GRC Consultant — Intern

- Built Oracle Cloud reporting components and automated control testing to support UAT and compliance.

### Sun Pharmaceutical Industries

Jun 2020 – Jan 2021

#### Intern — Research & Data

- Compiled and validated large multi-source datasets to support research and operations.
