Senior Analytics & Insights Analyst | GTM Analytics (Sales, Customer Success, Business Development) | KPI Design | Dashboards & Data Storytelling | SQL, Tableau, Power BI | Statistical Methods

PROFESSIONAL SUMMARY

Analytics professional with 5+ years turning data into revenue decisions for commercial teams at Flipkart (e-commerce) and Enverus (B2B SaaS). I partner with sales, business development and commercial leadership to **define KPIs, build the dashboards they run on, and surface revenue, retention and growth opportunities** - then validate them with data. Strong in SQL, Tableau, Power BI and statistical methods (regression forecasting, cohort and funnel analysis), and known for clear data storytelling, standardized reporting and prioritizing competing asks in fast, results-driven teams.

EXPERIENCE

Flipkart - Business Analyst - Large Appliances (eCommerce Marketplace) | Jun 2024 - Sep 2026

Analytics partner to category, seller / business-development and marketing teams for a large marketplace category - owning KPIs, insights and recommendations across GMV, conversion, retention and in-stock.

- **Identified a revenue opportunity** from cohort and SKU trend analysis (YoY & MoM) on under-converting high-value SKUs; recommended product-exchange bump-ups that grew category **revenue 19% YoY**.
- **Improved customer retention:** used cohort analysis, funnel metrics and user personas to size the loyal-customer opportunity; the resulting loyalty-coupon program drove a **20% improvement in conversion** and stronger repeat purchase.
- Analyzed payment-method and bank behavior across demographics to **validate a regional growth opportunity**; South-specific bank coupons improved bank-offer adoption and conversion across the region.
- Used **market research and competitive analysis** to make the case for a new segment (Windows), lifting **Flipkart market-penetration share ~1%**.
- **Defined standardized KPIs** and built automated **Tableau / Power BI dashboards** (SQL, Google Apps Script) used in weekly performance reviews; partnered with data and engineering teams on source data and metric definitions to keep reporting clean and consistent.
- Built **regression-based demand and sales forecasting** (statistical modeling) to guide planning; data-driven planning drove a **55% category revenue uplift during Big Billion Days**.

Enverus - Business Analyst I - Market Research (B2B SaaS) | Jan 2023 - May 2024

- **GTM analytics partner to US commercial / sales leadership:** built and maintained Tableau / Power BI dashboards on sales trends, pipeline and KPIs, supporting **ARR that scaled into the \$500MM range**.
- **Established operational rigor:** re-engineered reporting through Lean Six Sigma, cutting **cycle times 20%** and standardizing KPIs and performance reporting across global teams.

Associate - Commercial Intelligence | May 2021 - Dec 2022

- Published quantitative market research across **3 cycles**, built unit-economics models, and delivered competitive and pricing intelligence that shaped **go-to-market and leadership decisions**.
