Professional Summary

Business Analyst with 5+ years turning retail and e-commerce data into category growth and profitability, from high-scale marketplace retail (Flipkart) to global B2B SaaS (Enverus). I own category, merchandising, and SKU performance — sell-through, GMV, conversion, pricing, markdowns, assortment, and in-stock — run cohort, trend, and regression-based demand forecasting, and translate insights into clear business narratives for category, buying / merchandising, marketing, and supply-chain teams. Proficient in SQL, Tableau, Power BI, and Advanced Excel with automated, AI-assisted reporting; I define and standardize KPIs, assess unit economics and margin, and pull levers (pricing, assortment, inventory, promotions) that improve category and store performance. VIT engineering graduate, comfortable structuring ambiguous problems and influencing across a matrixed retail organization — currently serving notice and available at short notice.

Professional Experience

Flipkart

Jun 2024 – Present

Business Analyst — Large Appliances (Retail / eCommerce Marketplace)

- Own category, merchandising, and SKU performance — GMV, sell-through, conversion, pricing, markdowns, and in-stock — surfacing category growth opportunities and performance gaps.
- Build and automate Tableau / Power BI dashboards and reporting frameworks (SQL, Google Apps Script) giving category and merchandising leaders real-time visibility; define and standardize KPIs across teams.
- Run cohort, trend, and regression-based demand forecasting; pull levers (pricing, assortment, inventory, promotions) and translate complex data into clear narratives for category, buying, marketing, and supply-chain teams.
- Data-driven demand planning and promotion analysis drove a 55% category revenue uplift during Big Billion Days.

Enverus

Jan 2023 – May 2024

Business Analyst I — Market Research (B2B SaaS)

- Built and maintained Tableau / Power BI dashboards giving commercial leaders real-time visibility into sales trends and KPIs, supporting ARR that scaled into the \$500MM range; assessed profitability and forecast inputs.
- Re-engineered reporting with Lean Six Sigma (20% faster), standardizing KPIs across global teams.

Enverus

May 2021 – Dec 2022

Associate — Commercial Intelligence

- Published quantitative research across 3 cycles and built financial / operational and unit-economics models; produced competitive and price intelligence to support leadership decisions.

Technology Risk Partners
