

JUHI BHALLA

Business Analyst · Life Sciences Background (B.Tech Biotechnology) · Requirements & Stakeholder Management · Validated-System Compliance

Bengaluru, India (open to Hyderabad) | Serving notice — available at short notice | +91 88709 52224 | juhibhalla.jbko@gmail.com | linkedin.com/in/juhi-bhalla

Professional Summary

Business Analyst with 5+ years leading requirements management, stakeholder liaison, and process / solution delivery across e-commerce (Flipkart) and B2B SaaS (Enverus), built on a **Biotechnology engineering degree** and **pharmaceutical R&D experience** (Sun Pharma). Strong in requirement analysis, change management, traceability, impact assessment, UAT, and cross-functional delivery coordination, with GRC exposure to validated, controlled system environments and compliance. Now focused on **Life Sciences / Regulatory Information Management (RIM) Business Analysis** — bringing life-sciences domain grounding and BA rigor, and actively upskilling on Veeva Vault RIM, Jira, and ServiceNow. A VIT engineering graduate (16 years full-time education) who researches, gathers, and synthesizes information to assess current state and define clear future-state solutions.

Skills & Core Competencies

Business Analysis & Requirements: Requirements Management, Business Requirements Analysis, BRDs & Functional Designs, Traceability, Impact Assessment, Change Requests, UAT Coordination	Stakeholder & Delivery: Stakeholder Management & Liaison, Cross-functional Coordination, Delivery Coordination, Prioritization, Change Management, Agile Delivery (familiarity)

Tools: Jira (familiarity), ServiceNow (familiarity), Veeva Vault RIM (upskilling), SQL, Advanced Excel, Tableau / Power BI, Oracle Cloud	Analysis & Ways of Working: Research & Synthesis, Analytical Problem-Solving, Functional Design, Communication & Documentation, Ownership, Structuring Ambiguous Problems

Professional Experience

Flipkart Business Analyst — Marketplace (eCommerce) - Lead end-to-end requirements management for a marketplace category — gathering business needs, writing specifications, and managing change requests, prioritization, and impact assessment. - Act as liaison between business, product, supply-chain, and marketing teams; coordinate development, testing (UAT), and delivery of features and system changes. - Build reporting / analytics solutions (SQL, Tableau / Power BI), standardize processes and KPIs, and maintain data quality and traceability across systems.	<i>Jun 2024 – Present</i>
Enverus Business Analyst I — Market Research (B2B SaaS) - Gathered and analyzed requirements and delivered reporting solutions for global commercial stakeholders; coordinated delivery and stakeholder sign-off. - Re-engineered reporting processes with Lean Six Sigma (20% faster), standardizing KPIs and documentation.	<i>Jan 2023 – May 2024</i>
Enverus Associate — Commercial Intelligence Researched, gathered, and synthesized information; built financial / operational and unit-economics models and analyses to support leadership decisions.	<i>May 2021 – Dec 2022</i>
Technology Risk Partners GRC Consultant — Intern (Compliance & Validated Systems) Built Oracle Cloud reporting components and automated control testing supporting UAT and compliance in a controlled environment; documented controls and change traceability.	<i>Feb 2021 – May 2021</i>
Sun Pharmaceutical Industries Intern — Research & Data (Life Sciences R&D) Compiled and validated multi-source research datasets supporting R&D operations — hands-on exposure to life-sciences R&D data and processes.	<i>Jun 2020 – Jan 2021</i>

Education

Vellore Institute of Technology (VIT) — B.Tech (Engineering), **Biotechnology**, GPA 8.55 / 10 (2021)
Spring Dale College — ISC (Class XII): 88% | ICSE (Class X): 88% (2014 / 2016) — **16 years full-time education (10 + 2 + 4) — meets the 15-year requirement**

Impact & Leadership

- Re-engineered reporting processes at Enverus with Lean Six Sigma — 20% faster, with improved accuracy and documentation.
- Led operations and teams for corporate / college events hosting 800–1,000+ participants — delivery under tight timelines.
- Drove a 55% category revenue uplift at Flipkart through data-driven planning and cross-functional execution.
