Professional Summary

Analytics-driven operations professional with 5+ years running high-scale, deadline-bound processes and building the dashboards, trackers, and KPIs that keep them on track. At Flipkart and Enverus I own reporting and continuous process improvement for cross-functional teams — standardizing KPIs, automating trackers, and turning operational data into decisions, with a Lean Six Sigma record of cutting reporting time 20%. Earlier GRC (audit & compliance) and event operations (directing logistics for 1,000+ participants) round out a profile built for academic and program operations. Target scope: course setup, grading coordination, examinations and tutorials, academic advising support, scheduling & allocation, and audit/compliance readiness — backed by SQL, Tableau/Power BI, Advanced Excel and Google Sheets, with CRM/Salesforce and LMS/Moodle familiarity.

Professional Experience

Flipkart

Jun 2024 – Present

Business Analyst — Large Appliances (eCommerce Marketplace)

- Build and automate interactive trackers and dashboards (Tableau / Power BI, SQL, Google Apps Script) that give leaders real-time visibility into performance and standardize KPIs and reporting accuracy across teams.
- Coordinate category, seller, and SKU performance (GMV, conversion, traffic, pricing, in-stock), resolving operational bottlenecks and surfacing improvement opportunities across a matrixed organization.
- Translate complex, multi-source data into clear narratives and recommendations for category, marketing, and supply-chain stakeholders, managing competing priorities against tight timelines.
- Built regression-based demand / sales forecasting and data-driven planning that drove a 55% category revenue uplift during Big Billion Days.

Enverus

Jan 2023 – May 2024

Business Analyst I — Market Research (B2B SaaS)

- Built and maintained dashboards and trackers giving US-based leaders real-time KPI visibility, supporting ARR that scaled into the \$500MM range; assessed profitability and forecast inputs.
- Re-engineered reporting with Lean Six Sigma (20% faster), standardizing KPIs and improving reporting efficiency and accuracy across global teams — continuous process improvement, end to end.

Enverus

May 2021 – Dec 2022

Associate — Commercial Intelligence

- Published quantitative research across 3 cycles and built financial / operational and unit-economics models to support leadership decisions; maintained data quality and validation across multi-source datasets.

Technology Risk Partners

Feb 2021 – May 2021

GRC Consultant — Intern

- Built Oracle Cloud reporting components and automated control testing to support UAT, audit, and compliance — establishing checkpoints and documentation for control readiness.

Sun Pharmaceutical Industries

Jun 2020 – Jan 2021

Intern — Research & Data

- Compiled and validated large multi-source datasets with high accuracy to support research and operations.

Education

Vellore Institute of Technology (VIT) — B.Tech (Engineering), Biotechnology, GPA 8.55 / 10 (2021)

Spring Dale College — ISC (Class XII): 88% | ICSE (Class X): 88% (2014 / 2016)

Impact & Leadership

- Directed operations, logistics, scheduling and on-ground coordination for corporate / college events hosting 800–1,000+ participants — planning, allocation, and stakeholder management under tight timelines.
- 55% category revenue uplift at Flipkart through data-driven demand planning and promotion analysis.
- 20% faster reporting at Enverus via Lean Six Sigma process improvement and automation.
